ATTN OF: 299 R&D

SUBJECT: UFO

TO: AFSC (FTD)
Wright-Patterson AFB, Ohio 45433

The following Unidentified Flying Object sighting is reported in accordance with instructions contained in AFR 200-2.

- a. Description of the Object: One object, the shape and size of a small orange, blue/white in color. No sound was heard.
- b. Description of Course of Object: Object was first observed bearing SSW (T) moving slowly in a horizontal direction from west to east at an altitude of approximately 35°. After moving for approximately five minutes in this manner, the Object became stationary and remained so for a further second. It then turned a light orange in color and exploded.
- c. Manner of Observation: Object was observed from the Government-owned Antarctic research and resupply ship "R. S. A."
- d. Time and Date of Sighting: 0015Z, 2 July 1965; night.
- e. Location of Observers: Ship en route from Durban to Cape Town; latitude: 34°24'4"S, longitude: 23°41'5"E. It is estimated that the explosion occurred about 50 nautical miles from the vessel.
- f. Identifying Information on Observers:

S. G. Stigant, Second Officer, m.v. "R. S. A." ✓
K. T. McNish, Master, m.v. "R. S. A."

UFO Observation

88 AUG 1965

NASA
Washington, D C

1. Reference the attached unidentified flying object report of a visual observation in the South Atlantic. Air Force missile activity from Patrick AFB has been ruled out as a possible cause for this observation.
2. The reported description is similar to reports of possible research activity such as the NASA Sodium Shots. We would appreciate any information which you might have of activities in this area which might result in the attached report.

Col. Eric T. de Jonckheere
Deputy for Technology and Subsystems
Headquarters, Foreign Technology Division
Air Force Systems Command
U.S. Air Force
Wright Patterson Air Force Base, Ohio

Dear Col. de Jonckheere:

Your letter of 20 August 1965, requesting information on a UFO sighting on 2 July 1965, has been forwarded to this office for action. A check of NASA's records shows no sounding rocket or "Sodium Shot" activity on that date. One spent rocket body, 1965 30C, launched by the USSR on 23 April 1965, decayed from orbit on 2 July 1965. However, NORAD records indicate that the time of this decay was 0342 GMT, plus or minus ten minutes. The National Aeronautics and Space Administration has no likely explanation for the UFO sighting in question.

Sincerely yours,

Leo X. Abernethy
Chief, Mission Planning
Apollo Flight Operations
Office of Manned Space Flight

Reference your letter, 299 R & D, subject UFO, dated 9 August 1965. Efforts to evaluate the sighting of Mr S G Stigant and Mr K T McNish have been unsuccessful. The sighting is regarded as unidentified at present. Paragraph k of your letter stated that the sighting was reported in letter form. It is requested that this letter be forwarded to us if it is still in existence.

Cape Town.

The Chief of Naval Staff,
South African Navy,
SIMONSTOWN.

Sir,

SIGHTING OF UNIDENTIFIED OBJECT.

On Friday the 2nd July, 1965 at 0215 SAST whilst on passage from Durban to Cape Town and in D.R. Lat. 34.24.4 S D.R. Long 23.41.5 E the following was observed.

An object bearing SSW (T), the shape and size of a small orange and blue/white in colour was seen to move slowly in a horizontal direction from west to east at an altitude of approx. 35°.

After moving for about 5 seconds in this manner, the object became stationary and remained so for a further second. It then turned a light orange in colour and exploded.

No sound was heard and it is estimated that the explosion occurred about 50 n. miles from the vessel.

Weather . Cloudless sky and good visibility. Barometer 1018.8 Temp. 20 C.

Yours faithfully,

(Sgd) S.G. Stigant.
Second Officer.

(Sgd) K.T. McNish
Master.
